

MC LOVES...

GUCCI BLOOM EDP, £99 FOR 100ML (FABLED.COM)

After so many frilly summer scents, this is deliciously warm and seductive. Flowery notes of tuberose, jasmine and Chinese honeysuckle (exclusive to this fragrance) mix with musky woods – but not so much so that you'd feel the need to only wear it at night. The lust-worthy pink bottle deserves a special mention, too.

THE DO-IT-ALL PALETTE

There's one thing that's as exhausting as a bad night's sleep and that's dealing with a complicated make-up regime to help you look better the next morning. Step forward Chanel Palette Essentielle Conceal-Highlight-Colour, £52 (Selfridges.com).

There's a concealer big enough for touch-ups throughout the day, a soft-focus highlighter and a cream blush that brings a translucent flush to cheeks and lips. We're calling it the Swiss army knife of make-up.

ANATOMY OF...

ESTÉE LAUDER ADVANCED NIGHT REPAIR EYE CONCENTRATE MATRIX, £49 (FABLED.COM)

The folks at Estée Lauder have spent years perfecting their Advanced Night Repair line to boost skin's own natural repair mechanisms overnight. And now the eyes have it. Not only are your peepers the first place to broadcast late nights and sun damage but they also experience over 10,000 repetitive movements by blinking alone. This cream covers all bases – it fortifies skin and reduces the appearance of lines, under-eye puffiness and dark circles.

Cooling massage applicator

Roll under eyes in a circular motion until the cream has completely sunk in.

Matrix technology Elastic polymers, designed to absorb shock, form a layer around the eyes to support the delicate skin against repetitive movements.

Intensive skin fix

Two different types of hyaluronic acid plump up the skin's surface and then encourage more moisture to be produced from within. Plus, the same exclusive ingredient found in the iconic Advanced Night Repair Serum helps repair ageing.

CALIFORNIA DREAMING

Maybe we'll want matte, powdery skin once winter arrives, but for now we'll take our cue from Blumarine's fresh, sun-kissed look. Start by applying **Max Factor Healthy Skin Harmony Miracle Foundation**, £13.99 (Boots.com, below), for a luminous complexion. Skip mascara and focus instead on sweeping **Dior Metalizer Eyes & Lips in Platine Fusion**, £17 (above), on to lids.
