1
“Mix serum with facial oil in a travel-sized bottle. The watery mixture delivers anti-ageing ingredients deeper into your skin and closer to collagen-producing cells.” *Nichola Joss, facialist*

2
“Freeze milk in an ice-cube tray; massage your face with the cubes, wrapped in muslin. They lift dead cells and boost circulation, giving an instant facelift.” *Ole Henriksen, skincare expert*

3
“Put stick sunscreen on brows to stop UV rays bleaching the hairs.” *Vanita Parti, founder of Blink Brow Bars*

4
“Want a few more wears out of your favourite near-empty lipgloss? Pop the tube in a glass of warm water for 10 minutes to melt the gloss from the sides.” *Daniel Sandler, make-up artist*

5
“Use mascara as eyeliner, too. Load the tip of an eyeliner brush and gently smudge it along the lash line.” *Craig-Ryan French, creative director of Paul & Joe Beauté*

6
“For lipstick that lasts, pat powder blush in the same shade on top. Then add a layer of balm to re-moisturise.” *Bobbi Brown, make-up legend*

7
“Stick to earth-toned eyeshadows for sensitive skin. They have less pigment, so won't be as irritating as darker and metallic shades.” *Dr Harold Lancer, dermatologist*

8
“Spritz your favourite scent onto your ironing board – the iron's heat releases the scent and locks it into your clothes.” *Jo Malone, perfumer*
