SCENTS OF STYLE

Inspired by the French poet of the same name, everything about this scent plays on duality: light and dark; the freshness of lavender in men's colognes and the more feminine, powdery accents of iris root. Stylish yet unassuming, it's like the white shirt of the fragrance world.

Celine Rimbaud Eau de Parfum, Dhs880 for 100ml

RING IN 2022

The New Year means one thing: fresh beauty drops, including one of the classiest scents to hit your pulse points, a two-minute smoky eye and the backstage secret to a flawless base...

CAP IT ALL OFF

The only thing better than the hydrating formula – think fig extract, olive oil, hyaluronic acid – is the saturated colour and four customisable caps: fresh roses; polka-dots, a red and gold adornment and this covetable sacred hearts print.

Dolce & Gabbana Beauty The Only One Matte Lipstick, Dhs220

APPLE OF YOUR EYE

The latest addition to Mona Kattan's wildly successful fragrance line is proof that sweet doesn't have to mean saccharine. In fact, this fruity floral blend of red apples, berries, jasmine and rose is positively bursting with delicious attitude.

Kayali Eden Juicy Apple 01 Eau de Parfum, Dhs430 for 100ml

THE REAL DEAL

Youthful, glowing skin is down to two basic things: hydration and speedy cell turnover, rather than any behind-the-scenes sorcery. This cream harnesses the power of hyaluronic acid and retinol-alternative bakuchiol to achieve both in one fell swoop.

HydroPeptide Power Luxe Hydra-Rich Infusion Cream, Dhs545 for 30ml

LINE OF BEAUTY

With its velvety blue hue, this kajal pencil marries intensity with effortless application. For precision, apply to the waterline or melt the malleable formula across your lash line for a smoky finish.

Byredo Kajal Pencil in Neela Neela, Dhs30

CROWNING GLORY

Izil's shampoo, conditioner and scalp massager tap into the new trend for the 'skinification' of hair routines. Brimming with selenium-rich horsetail extract, this trio boosts scalp circulation and gets to the root of dry lengths and frazzled ends.
