

DOUBLE GLAZING

'Scribble an iridescent brown eyeliner over the entire lid, then tap a clear eye gloss over the top for a modern take on the smoky eye,' says make-up artist Andrew Gallimore, who created these looks. Dior Forever Glow Luminizer Limited Edition in 029 Frozen Médaillon ensures cheekbones reflect light from every angle.

MOLTEN MOMENT

Lean into the full spectrum of alloy shades to create a foil-like eyeliner flick. 'Coloured metallics, such as oyster and pink, work across a range of skin tones,' says Gallimore. 'Here I used a wet pointy brush to draw a line a few millimetres above the crease to elongate the eye.' Coat lips with Dior's shimmering Médaillon Limited Edition Lip Balm. ‣
